

No Friend Of Mine

The Pineapple Thief

Get everything you came for
It's all you'll be remembered for

You promised it would be alright
But I bet you sleep at night
Do you know wrong from right?
Oh, I know you sleep at night

Were you lying all this time?
Were you lying all this time?
You had no friend of mine
Were you lying all this time?

You are no friend of mine
So here we go
To the end of time
You are no friend of mine

You are no friend of mine
So here we go
To the end of time
You are no friend of mine

Get everything you came for
Did you get everything you came for?

You were lying all this time
You were lying all this time

You are no friend of mine
You are no friend of mine
You are no friend of mine
You are no friend of mine
