

## Now It's Yours

## The Pineapple Thief

I can't believe we got away  
We did all we could  
I can't believe we got away  
So lightly no one understood

I can't believe we ran away  
To save ourselves  
I can't believe we ran away  
To save ourselves

Now it's yours  
Now it's yours you stay

I can't believe we got away  
We did all we could  
I can't believe we got away  
So lightly no one understood

I can't believe we ran away  
To save ourselves  
I can't believe we ran away  
To save ourselves

Now it's yours  
Now it's yours you stay

To save ourselves  
To save ourselves

I can't believe we ran away  
To save ourselves  
I can't believe we ran away  
To save ourselves  
I can't believe we ran away  
To save ourselves  
I can't believe we ran away  
To save ourselves

Now it's yours  
Now it's yours
