

## Put It Right

### The Pineapple Thief

This haven fades out  
There's no one here  
To help, to figure out  
Do all roads lead to here

Another one bails out  
There's no one here  
No chance to figure it out  
Not all roads, not all roads lead to here

This haven drowned out  
There's someone here  
You cannot live without  
All this time, now time to figure out

Lost in the silence is everyone  
All caught in this silence  
Nowhere to run

Found some time to put it right  
There's still time to stop

With time we can work this out  
We can work this out in time  
With time we can work this out  
We can work this out in time  
With time we can work this out  
We can work this out in time  
With time we can work this out  
We can work this out

Now we're locked away with this silence  
From everyone  
Alone with this silence nowhere to run

Found some time to put it right  
There's still time to stop  
Found some time to put it right  
There's still time to stop
