

Stop Making Sense

The Pineapple Thief

Oh you
You can see me?
Oh you
You're looking my way?
Oh you
I heard what you said
Yeah you
Your truth is of little use

They stop
They stop making sense to me
I need you to make some sense to me now

Oh you
Can you see me?
Is that you?
Are you looking my way?
Don't run
I need to hear what you said
Without you
This truth is of little use

They stop
They stop making sense to me
I need you
To make some sense to me now

They stop
They stop making sense to me
I need you to make some sense to me
Oh you make some sense to me
Without you
This makes no sense to me
