

Mutations

The Pink Spiders

Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah

You were nine to five
Stuck in overdrive
Combin' over my bad reputation
You tried to say that it was all in my head
And you said
"You can always ride
Shotgun all the time
We could even get down at the station"
We never even made it back to the bed

Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah
Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah

Right now the monster's feeding
Right now my heart's not beating
Oh god, well there we go again

Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah
Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah

Mutations, crawlin' up all over me
Mutations, stirrin' me around and around, oh yeah
Around and around, oh yeah
