

Aint No Talking

The Pipettes

Whoo

Waiting
For the times we bide
Holding hands
Under a starlit night

No one to say it
So nothing can go wrong
On a night like this
When everyone gets on

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Notions are past
To let you all know
The time will tell
They'll never let you go

Don't say a word
No, so nothing can go wrong
On a night like tonight
When everybody gets on

Though no one can hear
What's goin' on tonight
But everyone feels like it's all
Gonna be alright

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Ain't no talkin'
Whilst we're walkin'
Just me and you
They're perfect too

Just me and you
They're perfect too
Just me and you
They're perfect too
Just me and you
They're perfect too

Just me and you, boy
They're perfect too
