

From Today

The Pipettes

You thought you'd try and help me
Take me under your wing
All those times you'd show me music
And tell me where to begin

I'm sorry but I've had enough
You're breaking my heart
I'll take it all on board but I have to
Go right back to the start

Whatever I do, whatever I say
I know that I'm no longer afraid
Been messing around all over this town
I'm over it now as from today

Let me tell you what I'm made of
'Cause you don't seem to know
As you insist on reminiscing
I should lead and you'll follow

If I shout out loud enough
You're sure to figure me out
I will make my way up to the top
And I'll wave right back down at you

Whatever I do, whatever I say
I know that I'm no longer afraid
Been messing around all over this town
I'm over it now as from today

Whatever I do, whatever I say
I know that I'm no longer afraid
Been messing around all over this town
I'm over it now as from today

Baby, baby, please understand
I know you love me but I just don't need your hand
It's everything you want
It's everything I need

Whatever I do, whatever I say
I know that I'm no longer afraid
Been messing around all over this town
I'm over it now as from today

Whatever I do, whatever I say
I know that I'm no longer afraid
Been messing around all over this town
I'm over it now as from today

I'm over it now as from today
I'm over it now as from today
I'm over it now as from today

You thought you'd try and help me
Take me under your wing
All those times you'd show me music

And tell me where to begin

I'm sorry but I've had enough

You're breaking my heart

I'll take it all on board but I have to

Go right back to the start
