

Rambler

The Planet Smashers

I got my lift kit
I'm tanked up
Tuned into my CB
And I'm revved

Jam it in high gear
Jumping off the track
Got my baby on the bench seat
My guitar on her back

Out in the Rambler
Tearing around town
I got my eyes on you baby
Gonna shut you down

Peeling down the strip
I don't care about the cops
400 miles an hour
Never gonna stop

Here comes the man
Lookin' for a bust
They try to catch my machine
but they can eat my dust!!
