

Wise Up

The Planet Smashers

Riding high on a losing streak out of touch with reality
Haven't left the house in over a week common sense has sprung a
leak again
You've been burned and you felt the pain, you run right and you
do it again
Humanoids are hard to drain
Shut your mouth and don't complain just
Wise up, wise up and you'll know how to do it right next time (2x)
You can't figure out what you want losing your train wreck of
thought
Think you're above the law but you're not learned that lesson but
you forgot
Your good life dreams a fake
Holding out for your big break
Keep repeating your mistakes wise up for your own sake just
Wise up, wise up and you'll know how to do it right next time (4x)
Still life keeps dragging on trying to figure out what went wrong
Later on may be too late the time is now to instigate a change
Wise up, wise up and you'll know how to do it right next time
