

## Wish It Were Me

The Platters

Saw you dancing last night with someone  
Wish it were me, wish it were me  
Dancing with you, wish it were true

Saw you holding your arms around him  
Wish it were me, wish it were me  
Clinging to you, wish it were true

Don't say it's hopeless  
Won't you learn to tell  
How I'd like to touch you  
With my prayer

Yes, I pray that my prayers  
Will touch you, touch you for true  
So you'd love me too

And the whole world would see  
Wish it were me  
And the whole world would see  
I wish it were me
