

Crows

The Plot in You

I paced the room about a thousand fucking times.
They wanna change me but I think I'm doin' fine.
I've got a lot on my mind I've got some things to work out.
You must be foolish or blind to think that I've burnt out.

Things change, everyone changes.
Same town with all new faces.
Can't fight it, can't stop it. NO!
Probably suffer till I slit my own throat.
This tongue has ruined many things within my path
but then again its probably brought me where I'm at.
I'm a sick mother fucker with a crooked smile
and if you think you've got a problem I'll just add you to the
pile.

The crows are waiting, the crows are waiting on me.
There's no escaping, there's no escaping this place!

I broke my mothers heart. I lost my fathers trust.
It was the murder threats that came between the three of us.
GOD DAMN, I'm everything you think I am.
Drank myself into this hole and I might need a hand. (I might need a hand).
Withdraw, withdraw! My nostrils caked in adderall.
I'm gone, I'm gone. Got nothing but these bedroom walls.
Gotta get my fix one more time! That's right, one more line!
I can't be satisfied till I feel paralyzed.

The crows are waiting, the crows are waiting on me.
There's no escaping, there's no escaping this place!

Sink so smooth. Feel nothing else.
The sounds keeping beat with my breathing.

Wide awake! I lie here shaking. Cold sweats and all my options
taken.
I can dream, I can try, I can follow through.
Gotta fight it cause I know it's fucking killing you.
God damn I'm everything you think I am.
Drank myself into this hole and I might need a hand.

The crows are waiting, the crows are waiting on me.
There's no escaping, there's no escaping this place!
