

PAID IN FULL

The Plot in You

You're losing me
Stuck inside a loop and though you always disagree
There's nothing I can do
So I just

Let go and let you suffocate
Cause you know, you know that you're too late
This I swear to you no matter what you do
I'm gone for good

(You've always known I never show where my heads at 'til it's gone)
You've always said you're just a thread, just sew me up and I'll say
Take my breath away, I'm okay
Good to know that you're still fading
I've bled myself for this
Paid in full, but now I'm cashing out

When it's face to face you just change
Hurts to see me yeah you hate it
You failed to see the strength in me
But now you're finding out

You see my face
Blank and empty, just waiting to leave this place
I should've known
To cut this off and just suffer as I grow

So let go, I know it's hard to take
And you know, you know what's on my plate
This I swear to you no matter what you do
I'm gone for good

Take my breath away, I'm okay
Good to know that you're still fading
I've bled myself for this
Paid in full, but now I'm cashing out

When it's face to face you just change
Hurts to see me yeah you hate it
You failed to see the strength in me
But now you're finding out

And if you hurt yourself to prove something else
Know I hardly remember your face
There's nothing left to prove
Feel like I barely knew this demon
I thought would stay in one place
But I'm gone

Take my breath away, I'm okay
Good to know that you're still fading
(You failed to see the strength in me, but now you're finding out)

When it's face to face you just change
Hurts to see me yeah you hate it
You failed to see the strength in me
But now you're finding out

The strength in me
But now you're finding out
