

# Population Control

## The Plot in You

I see them all, I watch them multiply  
I found them feeding on the young and I know  
They feel no shame for what they've done here  
They slither and swallow  
The prey that they take

Every night it gets harder to get off  
The pills and the games  
They won't last you forever

Tell me what it's like to be a fucking waste  
And to have respect from no one  
You live to keep the problem in its cycle  
Yeah, you disgust me  
Every single line planned out  
And they fall hard  
Just another roll in the hay  
They won't remember your name

Mistaken my words once again  
Don't forget that I knew you  
When this all began  
You're on borrowed time  
(You're on borrowed time)  
You're on borrowed time  
(Your days are numbered)

What made you think  
That this is yours to take?  
You've been living a dream life  
It's sickening  
Drink, fuck, sleep, repeat  
Does it ever get old?

This time I'll wait here  
I'll set it off  
Slit your fucking throat  
Watch you bleed and then we'll burn you down

We are all fed up  
I'm gonna shut you down  
I will chew you up  
And I'll spit you out  
It's overdue  
I'm the one that's gonna call you out  
Bitch

I'll call you out

I am done dealing with fucks like you  
Sticking your dick into anything that moves  
You are a waste of flesh  
I have no patience  
No fucking remorse anymore

I will set this off again  
Lay you out flat

Just like the girls you ruined  
It's been a dream of mine  
To make you suffer

It's plain to see  
The calm it brings  
The wait is up  
I'm listening  
It's got you now  
A victim of lost time  
You're out of time

Explain to me the reasoning  
The wait is up  
I'm listening  
It's got you now  
A victim of lost time  
You're out of time
