

# Love in Them There Hills

The Pointer Sisters

Every time I go out and come home, I can hear my mother say  
Girl how come every time you come home, you come home from that  
away?

What's up there that ain't down here that's leading you astray  
Tried my best to raise you right but you done gone a wicked way  
.

Mama please can't you see, there's something up in them hills f  
or me

Bless my soul mama you got to know there's love in them hills  
Bless my soul mama you got to know there's love in them hills

Mama said the people who live on the hill their really out of s  
ight

Yeah and the people like us that live on the low land just don'  
t fit in right

But when two hearts meet as one, they don't care who's rich or  
poor

All they really really want to do is love each other, who could  
ask for anything more.

Mama please can't you see, there's something up in them hills f  
or me

Bless my soul mama you got to know there's love in them hills
