The Pointer Sisters

Woo, mmm  
Woo (Woo)  
Real life  
Real life

Tell me, are you ready for this love?  
Can you take the failure and the pain?  
My heart's racing out of control  
I can't wait to be near you  
The challenges of love won't hold me back

'Cause I gotta believe, ooh, that love will have its day  
And I gotta believe that what I feel for you is right (Is right)  
Together, you and I could count the ways  
And we can turn this turn this fantasy of love to

Real life (Never lose it)  
Real life (Make it happen)  
Real life (I'll be yours and you'll be mine in)  
Real life (I've got to have it)  
Real life (Don't hold back on)  
Real life (I'll be yours and you'll be mine in real life)  
Real, real, real (Li-li-li-life), real

Love, I've just made my decision  
You've got prime position number one  
So baby no more hesitation  
You got the invitation to my heart

And I believe, ooh, that we'll go all the way (All the way)  
When the candlelight romance turns to the light of day  
We'll still be together, you and I  
We're gonna turn this fantasy of love to

Real life (Never lose it)  
Real life (Make it happen)  
Real life (I'll be yours and you'll be mine in)  
Real life (I've got to have it)  
Real life (Don't hold back on)  
Real life (I'll be yours and you'll be mine in real life)  
Real

Can we talk? (Oh yeah, get real)  
I'm talkin' 'bout honesty, I'm talkin' 'bout playin' it straight  
So don't you hold back your darker side 'cause you're thinkin' that I won't  
relate (It's real)  
'Cause baby I'll always let you know just where I stand  
A real life just a rodeo between a woman and her man, now here we go  
(La, la, la) Oh, oh, oh, oh

Real life (Never lose it)  
Real life (Make it happen)  
Real life (I'll be yours and you'll be mine in)  
Real life (I've got to have it)  
Real life (Don't hold back on)  
Real life (I'll be yours and you'll be mine, yes)  
Real life (Never lose it)

Real life (Make it happen)  
Real life (I'll be yours and you'll be mine in)  
Real life (I've got to have it)  
Real life (Don't hold back on)
