

What A Woman Wants

The Pointer Sisters

What a woman wants
Is what a woman needs

Give her
Lovin' every morning
Give her
Lovin' every evening
Tell her
She's the only lover,
There will never be another

What a woman wants
Is what a woman needs

Show her
How you're gonna love her
How you
Put no one above her
Make her
Feel just like a lady
Make her feel so good all over

What a woman wants
Is what a woman needs

What a woman wants
(Oh, she's gonna get it)
What a woman needs
(No, she won't forget it)

If you give her, give her
All you've got to deliver
What a woman needs

Don't you
Treat her like a new toy
Don't go
Acting like a schoolboy
Hold her
Tighter and tighter
You'll get all the love inside her

What a woman wants
Is what a woman needs

What a woman wants
(Oh, she's gonna get it)
What a woman needs
(No, she won't forget it)

If you give her, give her
All you've got to deliver
What a woman needs

Give her
Lovin' every morning
Give her

Lovin' every evening
Tell her
She's the only lover,
There will never be another

What a woman wants
Is what a woman needs

What a woman wants
(She needs love and understanding)
What a woman needs
(Love without demanding)

What a woman wants
(She needs love and understanding)
What a woman needs
(She needs love that's everlasting)

What a woman wants
(Let her know how much you need her)
What a woman needs
(Let her know you won't deceive her)

What a woman wants,
That's what a woman needs
