

# Deleter

## The Presidents Of The United States Of America

I got erased 'cause she's a deleter  
Wiped off the face of the earth and gone.  
Shot into space 'cause she's a deleter  
I'm a repeater she's a deleter  
Now I'm gone gone, gone gone, gone gone  
She's a Deleter  
Now I'm gone gone, gone gone, gone gone  
Woooo

Well there used to be blood in my heart but it's Gone  
Planets were hangin' in space now they're Gone  
I knew this clown downtown but he's Gone  
What happened to the love that we had, it's all Gone  
Seas had fish they were full of it Gone  
Used to push now you're pullin' it Gone  
A certain girl could rock out the world,  
but she'd be dead and gone without me singing the song  
C'mon

I got erased 'cause she's a deleter  
Wiped off the face of the earth and gone.  
Shot into space 'cause she's a deleter  
I'm a repeater she's a deleter  
Now I'm gone gone, gone gone, gone gone  
She's a Deleter  
Now I'm gone gone, gone gone, gone gone  
She's a Deleter now I'm Gone, Gone Away

There used to be tears in my eyes now they Gone  
Volcanoes were blowing their tops now they're Gone  
I knew this pig with a wig now he's Gone  
What happened to the kisses we kissed they're all Gone  
Skies and clouds were thick with it Gone  
Used to be down, now I'm kickin' it Gone  
A certain man could ruin my plan,  
but I'd be dead and gone without him singin' my song  
C'mon

I got erased 'cause she's a deleter  
Wiped off the face of the earth and gone.  
Shot into space 'cause she's a deleter  
I'm a repeater she's a deleter  
Now I'm gone gone, gone gone, gone gone  
She's a Deleter  
Now I'm gone gone, gone gone, gone gone

She's a deleter now I'm wooooooooo  
And I'm lonely for you wooooooooo  
And I'm lonely for you wooooooooo  
And I'm lonely for you wooooooooo  
And I'm lonely for you

I'm gone, you're gone, we're gone  
I'm gone, you're gone, we're gone  
I'm gone, you're gone, we're gone  
I'm gone, you're gone, we're gone
