

Got So High

The Pretty Reckless

Turned out wasted confused complacent I
Lost my center suppose I meant to I

I got so high
I got so high

Success showed something at the same time nothing I
Thought I got it but it seems I've lost it I

I got so high

If I wanted to fly
I should have gone up in a plane
If I wanted to fly
I should have climbed up to the highest mountain top
Not lost my brain
But I'm insane

So I, I got so high
I got so high
I got so high
I got so high

I was something but now I'm nothing I
