

They Shall All Be Witnesses

The Project Hate MCMXCIX

[Solo: Magnus S Deman]

Into the valley of death I walk alive
The renegade of a world of blind man

He spoke to me, whispered, taunted
Lies of Christ, acceptance denied
Speak when spoke to, fool the useless fools
Devour the flames of devastation

Slave of the white vest
The emperor of evil disguise
Follow the one who "is, and is not, and is to come"
Into the valley of death I walk alive

[Solo: Mike Wead]

Under the sign of the beast I pray
The birds in midheaven show me the path
The road is unknown, his fire I see again

Kingdom burnt to the ground
Charred remains of the sacred land
March towards the holy one
With victorious weapons in our hands

Show me the path, the road is unknown
His fire I see again

He spoke to me, devoured, taunted
Lies of Christ, acceptance denied
Let me perish in purgatory
Feed the chosen one with his blessed flesh
Storm through the gates of self-denial
Hide towards His final death

[Solo: Mike Wead]

Into the valley of death I walk alive
I suffer the truth of denial
I suffer the truth

Worship us for the ones we are
Destructors of holiness and feeble lies
Evoke the times of blissful carnage
Recreate the death of Christ

[Solo: Mike Wead]

He spoke to me, tormented
He lied to me, demented
I deny thee forever
I am devastation

I suffer the truth of denial
I suffer the truth of denial

Suffer the truth of denial
March the Armageddon March
Eternal are my demons of lust
Burn it all, burn it all, burn it all
Let them fall
