The Protomen

[Thomas:] Emily, don't cry for me
I know you never meant for this
I love you, completely
Just remember that

But I know that I've failed
And the City, it fell
All the strength in my hands
Couldn't hold back the swell
Couldn't hold back the tide

[Emily:] Thomas, dear
[Thomas:] I know
[Emily:] You worry so
[Thomas:] I've been here before
[Emily:] But the sun is in the sky
[Thomas:] It's just like a dream
[Emily:] The night is gone
As it always goes
[Thomas:] God, don't make me leave
[Emily:] It's time for you to rise
[Thomas:] This time
[Emily:] Come
[Thomas:] Okay
[Emily:] You linger too long
[Thomas:] I'll wake
[Emily:] In the shade of a dream
[Thomas:] If you wait for me
[Emily:] And the day has begun
[Thomas:] God, I know I can make it
[Emily:] And there's work to be done
[Thomas:] Through just one more day
[Emily:] There's a City to save
