

# Come All Ye Faithful

The Psychedelic Furs

Come All Ye Faithful and shine a light on  
And shine a light on, and shine a light on me  
Come All Ye Faithful  
You holy rollers and shine a light on me

When I said I loved you well I lied  
I never really loved you I was laughing at you all the time  
When I said I needed you I lied  
I never needed anyone I laughed until I cried

Come all ye playboys, you saints and sinners  
And watch it rain on, and watch it rain on me  
Come all ye playboys, you druggy mothers  
And watch it rain on me

When I said I loved you well I lied  
I never really loved you I was laughing at you all the time  
When I said I needed you I lied  
I never needed anyone I laughed until I cried

Come All Ye Faithful you holy rollers  
And shine a light on, and shine a light on me  
Come All Ye playboys you druggy mothers  
And shine a light on me

When I said I loved you well I lied  
I never really loved you I was laughing at you all the time  
When I said I needed you I lied  
I never needed anyone I laughed until I cried
