

Merry Go Round

The Psychedelic Furs

Pass your time away
It's just another day
And everything you say
Was said yesterday

Won't you come with me
Be who you want to be
You'll get no sympathy
For staying home

Oh, and yeah (I'm... over you)
I want you (I'm over the moon over you)
Oh, and yes (I... sky over you)
I do (I'm over the moon over you)

Oh, and yeah (I'm... over you)
I want you (I'm over the moon over you)
Oh, and yes (I... sky over you)
I do (I'm over the moon over you)

Here isn't time of day
There is no 'what' they say
Just give yourself away
All to me

Pass your time away
It's just another day
And everything you say
Is said yesterday

Oh, and yeah (I'm... over you)
We want you (I'm over the moon over you)
Oh, and yes (I... sky over you)
We do (I'm over the moon over you)

Oh, and yeah (I'm... over you)
We want you (I'm over the moon over you)
Oh, and yes (I... sky over you)
We do (I'm over the moon over you)
