

Sonny

Now I'm tired of makin' all the other motherfuckers money  
while they sit back and leave it all up to Sonny.  
It's been a long time I've worked for this lying piece of shit!  
Now it's time to make my own grip.  
For so long I've been number two..  
Fuck that! I gotta break off and my own crew!  
I'm tired of bein' held back  
and lied to  
like a vato with no respect  
see what I do!  
Checkin' this old fool  
and takin' over everything  
and every motherfucker with him  
gotta die, too!  
It's time for a change of power!  
I planted two guards on the watch tower.

Juaquin

I'm this vato's right hand man  
mainman, Gato!  
And when he goes out  
I'm takin' over the scam!  
I ran lil' blocks for tax  
everbody for static control..  
now I hold a position for sure.  
Over those who role  
they get in my way the lay..  
in a hole try to tamper a goal.  
Tryin' to move in  
like this cuban..  
thinks it's his spot  
but there's no room for the two on the top  
what is he tryin' to serve the organisation  
for unnoted service  
the boss is gettin' nervous  
this is my chance to advance  
I'm gettin' cynical  
this guy's bein' alive makes the situation critical!

Gus

Why have I been shackled in chains?  
They claim I am wanted for murderous assist man.  
At first I thought it was a government scheme  
stickin' me, in the center of the crime scene..  
It seems  
I've bein' held for  
bein' helpful  
in a homicide  
Why they try to give me life double  
when I was made (wasn't I made?) untouchable?  
But my family..  
gave my life to crime comitee  
now in a time of need you're sayin' 'Fuck me'?!  
Why you wanna play me shady?  
I protected your life  
and as an offer I get sacrefied

to the law with no ties at all..  
when the boss dies the whole kingdom falls!
