## Hollywood

## **The Puppini Sisters**

You'll find the fame
If you leave what's behind you
How you gonna be
How you gonna feel
When you're in Hollywood
Lights, camera, action

How you're gonna play What you're gonna say When you're in Hollywood

If you don't know You won't know Things will awake you Hollywood mon amour . Hollywood Hollywood

Don't be afraid
You can have all you
Always dreamed of
If you only say
What you gotta say
When you're in Hollywood
Remembered forever
Your name in the walk of fame
If you only say
What you gotta say
When you're in Hollywood

If you don't know You won't know Things will awake you Hollywood mon amour . Hollywood Hollywood

Are you ready to shine?
Can you handle the light?
Don't be scared of the height
You can fly ...

Hollywood mon amour . Hollywood Hollywood
