

## Animals

## The Quakes

Animals on every corner  
Asking you for a quarter  
They'd rape your girl  
They'd steal your car  
Well rise up cause its gone too far

Animals crime and drugs  
Animals gangs and thugs  
Arm yourself and get a gun  
The suburbs are no place to run  
Well I don't know but it seems to me  
There's blight upon society  
There's only one thing left to do  
Its up to me and its up to you

Rise up get a gun  
Rise up get things done

"you know what im sayin?"
