

Dark Shadows

The Quakes

I'm invincible, as I walk through this town
I'll soon land on my feet, I don't make a sound
No trusting back on any kind of day
But dark sunglasses well that's my day

Nobody sees me when I'm walking through this town
On emerald city, oh, no one sees me
There must be other who are just like me
Let me hear you, hey, hey

Hey, hey, we are - hiding in dark shadows
Hey, hey, we are - in dimension
Hey, hey, we are - right around that corner
Hey, hey, we are - hiding in dark shadows

I'm invisible, every place that I go
I'm standing but fuck they don't know
All turns to black don't know cloudy day
But that's the way glasses or that's just my way

Nobody sees me when I'm walking through this town
On emerald city, oh, no one sees me
There must be other who are just like me

Hey, hey, we are - hiding in dark shadows
Hey, hey, we are - in dimension
Hey, hey, we are - right around that corner
Hey, hey, we are - hiding in dark shadows
Hey, hey, we are
Hey, hey, we are
