

I'm ill

The Quakes

On and off, like a switch
They found the body in the ditch
Shocked and horrified
Whole town was terrified

They search for clues as I watch the news
It gave me such a thrill, and yet they said I'm ill
I'm gonna do it again, its just a question of when
It gave me such a thrill, and yet they said I'm ill

Too much pressure has got me down
Too many bad memories in this town
Product of society
Kill the ones who, who make me

They search for clues as I watch the news
It gave me such a thrill, and yet they said I'm ill
I'm gonna do it again, it's just a question of when

They search for clues as I watch the news
It gave me such a thrill, and yet they said I'm ill
I'm gonna do it again, it's just a question of when
It gave me such a thrill, and yet they said I'm ill

On and off, like a switch
Found the body in the ditch
Shocked and horrified
Whole town was terrified

They search for clues as I watch the news
It gave me such a thrill, and yet they said I'm ill
I'm gonna do it again, it's just a question of when
It gave me such a thrill, and yet they said I'm ill

They search for clues as I watch the news
It gave me such a thrill, and yet they said I'm ill
I'm gonna do it again, it's just a question of when
It gave me such a thrill, and yet they said I'm ill

It gave me such a thrill, and yet they said I'm ill
It gave me such a thrill, and yet they said I'm
I - am - am - ill
