

I'm the Boy for You

The Queers

Killin time cos you're on my mind
And there's nothing I can do
Turn away, I hold no sway
Cos you don't know it's true
A boy like me don't rate a second glance
My words I ain't mincin
If you need convincin
But if you give me half a chance
You'll see

Walk around this stupid town
Waste my days away
I wanna shout
Just hear me out
This is what I say

I know they talk about us
I know just what they say
Someday they'll talk about us
In a brand new way

How bout tonight
I'll hold you tight
Watch the stars go by
Make a wish
Get a kiss
Give this love a try
I'm the boy for you
