

Pull Me Out of It

The Queers

Everything is black around me
No sun I just don't function
I don't wanna waste my time
Oh yeah

I was a high school psychopathic
And then I finally lost my mind
And now the days are long and passing
I am grateful that it rhymes
Oh yeah

Pull me out of it
Set me free
Pull me out of it
Things are weak
Pull me out of it
Can't you see
Oh yeah

Agents back around me
It's only just function
They're hanging around texans
I don't wanna waste my time

I was a high school psychopathic
And then I finally lost my mind
And the days are long and passing
I am grateful that it rhymes
Oh yeah

Pull me out of it
Set me free
Pull me out of it
Please help me
Pull me out of it
Can't you see
Oh yeah

Pull me out of it
Pull me out of it
Pull me out of it
Pull me out of it
(2x)
Set me free!
