

Just So

The Radio Dept.

If we're still here tomorrow
Let's do that youthful thing
Angle down the sinners
'Cause we would never show up for wedding rings
Let's pretend the future
A glorious tale
Let's pretend till that
Is different from the world we know

'Cause it could be just so
Just so

If we're still here tomorrow
Let's do that youthful thing
Let's make it just so
Forget the mess we're in
Pretend the future
Pretend home
There's something that looks out there
Won't be different from the world we know

Just so
