

You're Lookin' at My Guy

The Radio Dept.

Little girl just move on by
Don't even try to catch his eye
You'd better stop your messing girl
You're lookin' at my guy
You're lookin' at my guy

Say girl let me put you straight
You're scheming on my steady date
Don't wanna see you hangin' 'round
You're lookin' at my guy

I don't want to start no trouble
Little girl, you'd better move out
You'd better move and on the double

Little girl just step aside
Cause I'm gonna be his bride
This is where I draw the line
You're lookin' at my guy
You're lookin' at my guy

You're lookin' at my guy

Little girl just step aside
Cause I'm gonna be his bride
This is where I draw the line
You're lookin' at my guy
You're lookin' at my guy
You're lookin' at my guy
You're lookin' at my guy
You're lookin' at my guy
You're lookin' at my guy
