

## Set It Right

The Rare Occasions

Will you go out of your way to be kind?  
And will you leave a better place behind?  
Will you drop that old friend a line?  
Set it right  
Set it right  
Do you go dancing out in the rain?  
And do you sing your songs with no shame?  
Do you remember the bus driver's name?  
Set it right  
Set it right

Yeah, you know what you gotta do, uh-huh  
When the sound isn't cutting through, whoo-hoo  
Yeah, you know what you gotta do  
You gotta live on the ground  
You gotta give 'em the truth  
Yeah, you know what you gotta do, uh-huh  
When the sound isn't cutting through, whoo-hoo  
Don't wait for Alan Shawn Feinstein  
To tell you what to do  
Yeah, you know what you gotta do, uh-huh  
When the sound isn't cutting through, whoo-hoo  
Yeah, you know what you gotta do  
You gotta live on the ground  
You gotta give 'em the truth

Will you go out of your way to be kind?  
And will you leave a better place behind?  
Will you drop that old friend a line?  
Set it right  
Set it right  
Set it right  
Set it (Whoo) right
