

Fortunes

The Rascals

Live your lifetime, share your sunshine
You'll find rainbows blessed with gold

Faith can guide you, let it ride you
To the fortunes of your soul

Sail on servants silver tide
You're the stars, you're the sea, you're the light
And all you gotta do is believe, his love will take you high
Shine on through the Lord and you'll light a million skies

Ride on seeker, you will find
Fortune lies in your heart, in your mind
All you gotta do is believe his love can set you free
Shine on through the Lord to the kingdom of your dreams

Live your lifetime, share your sunshine
Find out rainbows, keep on growing
Faith can guide you, let it ride you
To the fortunes of your soul
