

My Hawaii

The Rascals

Oh Hawaii
My Hawaii
Skies are blue
The sea's a thousand hues of green
In Hawaii
Waves keep breaking
In each rise and fall
They call
For me

Oh Hawaii
Island Maui
I'll return to fantasy and moon
All the people
On these islands
Make it more adored than paradise
In bloom

There are no words to describe what is felt in your heart
When your heart has already seen the magic of all the islands

On these islands
Called Hawaii
Man awakes
To find this dream divine
Oh Hawaii
My Hawaii
I'll return to stay and spend my life
All my days
In Hawaii
Oh
Oh Hawaii
Oh
