

A Perfect Place

The Raveonettes

Can you save me
as I'm walking away?
Can you hear me
as I call it a day?

Will you fight me?
Then you know where I am.
Will you hurt me?
Then you know where I am.

The perfect place
where you and I can live alone
and we'll never bored.
The perfect place,
where draped in black,
I fix my gaze
in satin eyes.

Do you feel me
as I haunt you in dreams?
Do you fear me
as I haunt you in dreams?

Can you see me
as I'm walking away?
Can you hear me
as I call it a day?
as I call it a day?
as I call it a day?
