

# Wake Me Up

The Raveonettes

You wake me up  
To bring me down  
I've been lied to  
All year round  
Where did we go  
What did we see  
We saw nothing but you and me

To say goodbye is to die  
A little bit

When I was a boy  
I'd go home from school alone  
And wait for you  
You never showed  
Never showed  
I sit and wait so  
Patiently  
In my room  
So patiently
