

Back In Town

The Ready Set

Remember when I called and told you I messed up
I had a bad idea, and I made it real
All I remember I just said, "I don't need you"
I might have meant that then, well I guess I did

But
Oh oh
You always had me with your white hot action rock
Dancin with your hands up
Oh oh oh
Pictures I took I swear
Make me regret letting you'll be fair

I heard I got word you're back in town
Ooh oh, ooh oh
So Imma make rules and chase you down
Ooh oh, ooh oh
I left you in a world of pain
Ooh oh, ooh oh
But I got a plan to start again
Ooh oh, ooh ooh ooh

I just want you a little bit more
I just want you a little bit more than I remember
Ooh than I remember-member
Just trust me a little bit more
Just trust me a little bit more
I'm not a liar
Ooh I'm not a liar-liar

I heard I got word you're back in town
Ooh oh ooh oh oh

We've both have grown up
I've been calling you lately
And it's a bad idea
But I hope you feel
Like I'm not crazy
I just need you here, baby
Like it were back then
I think I've said enough

But
Oh oh
You always had me with your white hot action rock
Dancin with your hands up
Oh oh oh
Pictures I took I swear
Make me regret letting you'll be fair

I heard I got word you're back in town
Ooh oh, ooh oh
So Imma make rules and chase you down
Ooh oh, ooh oh
I left you in a world of pain
Ooh oh, ooh oh
But I got a plan to start again

Ooh oh, ooh ooh ooh

I just want you a little bit more
I just want you a little bit more than I remember
Ooh than I remember-member
Just trust me a little bit more
Just trust me a little bit more
I'm not a liar
Ooh I'm not a liar-liar

I heard I got word you're back in town
Ooh oh ooh oh oh
Ooh oh ooh oh oh

Got gotta get it back to me
I got gotta get it back to me, back to me, yeah

Trust me a little bit more, I'm not a liar anymore
Woah ohh oh oh
I want you a little bit more than I remember from before
Woah ohh oh oh

I heard I got word you're back in town
Ooh oh, OH!
So Imma make rules and chase you down
Ooh oh, ooh oh
I left you in a world of pain
Ooh oh, ooh oh
But I got a plan to start again
Ooh oh, ooh ooh ooh

I just want you a little bit more
I just want you a little bit more than I remember
Ooh than I remember-member
Just trust me a little bit more
Just trust me a little bit more
I'm not a liar
Ooh I'm not a liar-liar

I heard I got word you're back in town
Ooh oh ooh oh oh
I'm not a liar
Woah oh oh ohhh
