

Before You

The Ready Set

I can break
But you're not scared to hold me anyway, anyway
My mistakes
Fly out the window when you're touching me, touching me

You found me under waterfalls
Burying my heart and soul
Yeah I was chasing wrecking balls
Carrying my weight alone, oh oh

Before you
I didn't know how much I miss you burning through my mind
On every night
Before you
I had a different take on love and so I took my time
And it changed my life

Before you

Apathy
No more as long as I got you and me, you and me
I'm at ease
Somehow with you it's easier to breathe, to breathe

You found me under waterfalls
Burying my heart and soul
Yeah I was chasing wrecking balls
Carrying my weight alone, oh oh

Before you
I didn't know how much I miss you burning through my mind
Oh every night
Before you
I had a different take on love and so I took my time
And it changed my life

Before you
Before you

You found me under waterfalls
Burying my heart and soul
Yeah I was chasing wrecking balls
Carrying my weight alone, oh oh oh oh oh

Before you
I didn't know how much I miss you burning through my mind
On every night
Before you
I had a different take on love and so I took my time
And it changed my life

Before you
Before you
