

SELFISH

The Ready Set

Selfish
Selfish
I want you all to myself
And I can't help it
Knowing your with someone else
It drives me crazy
I kinda hate me
Every time I get like this

So stay if you want
If you want
Can't take anymore
Of the up and down
Lock me up and cut me open

Selfish
Selfish
I want you all to myself
And I can't help it
Knowing your with someone else
It drives me crazy
I kinda hate me
Every time I get like this

Selfish
Selfish
I want you all to myself
And I can't help it
Knowing your with someone else
It drives me crazy
I kinda hate me
Every time I get like this

You got your foot on my throat
I should be happy to go
Got all these feelings I choke
It happens every time

You left your key on the desk
And all your clothes on my bed
You're like a kick in my chest
Bang bang gonna break my brain

So stay if you want
If you want
Can't take anymore
Of the up and down
Lock me up and cut me open
Cut me open

Selfish
Selfish
I want you all to myself
And I can't help it
Knowing your with someone else
It drives me crazy
I kinda hate me

Every time I get like this
