

Swim

The Ready Set

I've been the blankets and covers that keep you warm every night
I'd do a lot, if not anything, even if my hands were tied
Tie them up again, you can pull me in and I'd be fine with it

I know how to swim
Send a hurricane to me
Stuck in your undertow
Swim, sinking never felt so sweet
I can't let this one go
Stuck in your undertow
Stuck in your undertow

I'll bear the burden of all of it if you're hurting and alone
I can't be certain if anything's even worth it but I'm diving into the unknown

So tie me up again, you can fill me in, and I'd be fine with it

I know how to swim
Send a hurricane to me
Stuck in your undertow
Swim, sinking never felt so sweet
I can't let this one go
Stuck in your undertow
Stuck in your undertow
Stuck in your undertow

Don't let me float away, don't let me float away
I'm never gonna shake you cause you're everything
(That keeps me awake)

I know how to swim
(I know how to swim)
Send a hurricane to me
Stuck in your undertow
Swim, sinking never felt so sweet
(So sweet, so sweet)
I can't let this one go
Stuck in your undertow
(Woah your undertow)
Stuck in your undertow
