The Ready Set

Snow bird, tying ribbons up in your hair
Wishing that I could be there stay awake, stay aware
Cause I'll try to stay awake throughout the night,
And i will chase the sun in flight till I'm there, I'll be there

Oooh, winter came, I was gone, flight departures
Times we've lost saw you standing in the snow
Such a vibrant glow...

Oh. did you ever think I'd come home?
I couldn't spend this night alone,
Cause your number one on my wishlist baby
Oh, in a little bit I'll be there
Like a star shot through the air,
to make a checkmark on my wishlist baby

Airplane, could you take me far away?
To the snow enveloped plains.
Cause she's there, cause she's there
I fly, In a coast to coast charade
But if only for one day
I'll be there, I'll be there

Oooh, I promise I'll be there
Cause your the number on my wishlist baby
Oooh, I promise I'll be there
Cause your the number on my wishlist baby

I got time
Twenty-four hours,
Waiting for the go ahead from the tower
If I had just one wish,
Get me home for Christmas
