

What Have You Done

The Real McKenzies

What have you done
What have you seen
Give it some thought and get back to me
Call us down, 'cause we left our jobs
For the Rock & Roll road
And you're fucking the dog

Got a big following in your little town
Like a really big fish in a very small pond
Is it inability? Insipid jealousy
Why is it you want to put the hate on me?

Here they are 'The Shoulda Dones'
They're talking about 'The Shoulda Dones'
Well you coulda done this
And you shoulda done that
But you never did nothing
'Cause you're sitting on your ass!

Here they are 'The Shoulda Dones'
They're talking about 'The Shoulda Dones'
Well you coulda done this
And you shoulda done that
But you never did nothing
'Cause you're sitting on your ass!

What is your problem
Don't give me no hag
Just cause you cannae play your way out of a wet paper bag
Perhaps it is laziness, some kind of sloth
Try breaking out just to see what you got

So easy to slight us, we're not there to defend
So you stab is the back and you call us a friend
Have you really got ability we'll have to wait and see
Get out on the road like a 'McKenzie'!

Here they are 'The Shoulda Dones'
Yeah talking about 'The Shoulda Dones'
Well you coulda done this
And you shoulda done that
But you never did nothing
'Cause you're sitting on your ass!

Here they are 'The Shoulda Dones'
Yeah talking about 'The Shoulda Dones'
Well you coulda done this
And you shoulda done that
But you never did nothing
'Cause you're sitting on your ass!
