Don't Worry

The Real Thing

Ah baby, baby cool down...

Because a lady smiles at me
When we walk down the street
It don't mean a thing to me
Because she thinks I'm sweet
You don't need to worry
Ain't nothing going down
Don't you know a smiling face
Is better than a frown

Don't you know by now (you're my girl I'm your man)
Don't you know by now (you hold my world inside your hand)
Don't you know by now (I'll never let you down)
Don't you know by now (you are the Queen, you wear the crown)

Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry

If you see me talking to
A woman in a crowd
Even if it bothers you
Don't speak your thoughts out loud
Don't you get excited
Don't need to blow your cool
There ain't nothing going down
So don't act like a fool

Don't you know by now (they can look my way when I'm with you)
Don't you know by now (you hold my heart you know that's true)
Don't you know by now (you wear the crown, you wear my ring)
Don't you know by now (you're my everything, everything)

Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry

Don't worry baby (it's just a waste of time)
Don't worry baby (I'm yours your mine)
Don't worry baby (I'll never let you down)
Don't worry baby (you're my everything, my everything)

Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry (express yourself)
Don't worry (express yourself) no don't you worry
