

I'm Getting Better (And I'm Feeling It Right Now)

The Record Company

I'm getting better and I'm
I'm getting better and I'm
I'm getting better and I'm feeling it right now

I'm getting better everyday
I'm getting better everyday
I wanna try, try, try with a thimble of pride
I got a pocket full of promise
Ain't got nothing inside

Alright!
Alright!
Alright!
Alright!

I'm getting better night after night
I'm getting better night after night
Why, why, why was my head in the sand man
The more I try to fake it less that I can

Alright!
Alright!
Alright!
Alright!

I'm getting better and I'm
I'm getting better and I'm
I'm getting better and I'm feeling it right now

It's been raining for too many days
It's been raining for too many days
I try, try, try to get above the waves
But everytime I try to catch em' they pull me away

Alright!
Alright!
Alright!
Alright!

I've been thinking everyday
I've been thinking everyday
Why, why, why don't you send me some grace man
The more I try to do it you get in my way

Alright!
Alright!
Alright!
Alright!

I'm getting better and I'm
I'm getting better and I'm
I'm getting better and I'm feeling it right now

I'm getting better and I'm
I'm getting better and I'm
I'm getting better and I'm feeling it right now

Alright!
Alright!
Alright!
Alright!

I'm getting better and I'm feeling it right now
