

Night Games

The Record Company

Playing night games that I'll never win
Every night I quit till I'm playing again
Playing night games, well I hurt myself
Turn up the [?] close the door to hell
Playing night games, we'll fall in love
Over and over, just around the dark
Playing night games where the love ain't true
Those eyes were trouble when I'm coming for you
Playing night games

And I won't get, I won't get taken down
Mmh, mmh-mmh, mmh-mmh
No I won't get, won't get taken down
Mmh, mmh-mmh, mmh-mmh

Go and make it all night
Eh, make it all night

Playing night games 'cause I ain't afraid
Losing all work dirty games
Getting through the jungles
[?] with a snowman around where I wanna dance
Every chance taken and every dark past
Night games, where my friendships drive
Some keep it going [?]
Playing night games

And I won't get, I won't get taken down
Mmh, mmh-mmh, mmh-mmh
No I won't get, won't get taken down
Mmh, mmh-mmh, mmh-mmh

Go and make it all night
Eh, make it all night

Playing night games, don't be a fool
Always have more 'fore breaking the rules
Playing night games till the morning rises
Not crawl right back in by the skies
For night games

And I won't get, I won't get taken down
Mmh, mmh-mmh, mmh-mmh
I won't get, won't get taken down
Mmh, mmh-mmh, mmh-mmh
No I won't get, won't get taken down
Mmh, mmh-mmh, mmh-mmh
Mmh-mmh, mmh, no I'll make it all night
No I'll make it all night
I'm gonna make it all night
I'm gonna make it all night

Mmh, mmh-mmh, mmh-mmh
Babe
Mmh, mmh-mmh, mmh-mmh
Mmh, mmh-mmh, mmh-mmh
Ooh-ooh

Mmh, mmh-mmh, mmh-mmh
