

Off the Ground

The Record Company

I gotta get myself
Off the side of the road
I gotta get myself
Off the side of the road
Things are lookin clear as they've ever been
Don't know how it'll end but I know where to begin
I gotta get myself
Off the side of the road
I got to quit lying to myself
And let the truth be told
I got to quit lying to myself
And let the truth be told
Yeah I woke up burned out by the sun
Tired of layin still so I'm movin along
I got to quit lying to myself
And let the truth be told
Yes

Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
I gotta hunt myself down a brand new home
I gotta hunt myself down a brand new home
Now I got the answer to my biggest question
Had to loose where I was to get my direction

I gotta hunt myself down
A brand new home
The tears that I'm hiding
No they ain't for cryin
The tears that I'm hiding
No they ain't for cryin
I'm never gonna let em start spilling out
Cause they pour down my body and they flood the ground
The tears that I'm hiding
No they ain't for crying

Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
Let the truth be told
Let the truth be told
Let the truth be told
Let the truth be told
Let the truth be told
Let the truth be told

I gotta get myself up
Off the side of the road
Quit lying to myself
And let the truth be told

My head is heavy and my heart is empty
But my spirit is strong and my legs are ready
I gotta get myself
Off the side of the road
Quit lying to myself
And let the truth be told

Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
Whooo oooo oooo
Hey hey
I've gotta pick myself up off the ground
