Roll With It

The Record Company

Roll with it

My soul ain't feeling right
Gates are open and there's no one in sight
Weight on your head, eyes are blurred
Life coming at you like a four-letter word
Well, you made it once, can you do it again?
Now they pay you to get another win
Find inspiration out of the sky
They bring you back down if you don't get it right

Gotta roll with it, keep on going
Gotta roll with it, keep on going
Gotta roll with it, keep on going now

I don't plan on coming down again
I can't get it back til I take it on the chin
Day in day out, feel insane
A little bit cloudy, don't mean it's gonna rain
I want to get back to the way it was
Put on a record about doing drugs
Take it down and it tastes like poison
Time to get up and make some noise

Gotta roll with it, keep on going
Gotta roll with it, keep on going
Gotta roll with it, keep on going now

I feel like I've been lost for days
Sometimes you just gotta walk away
It don't add up when I'm doing the math
You take what's yours then you grab my half
Take and number then get in line
That's what they said to these dreams of mine
Pull out the want ads, I don't want that
Why do I laugh when I should feel sad?

Gotta roll with it, keep on going
Gotta roll with it, keep on going
Gotta roll with it, keep on going now

What if I've got no vibe no more?
I'll do it all day if it feels good
Don't bring your bullshit to my party
Sometimes you just gotta say you're sorry
Music gets me on thru the night
If this is living I've got to do it right
I'm taking off these damn handcuffs
I've given all I have and I've had enough

Gotta roll with it, keep on going
Gotta roll with it, keep on going
Gotta roll with it, keep on going now

Roll on
Roll on

Why do I lie when I'm telling the truth?
Nine out of then except a word or two
Started over to crack that code
Good thing I took that low, low road
Well, you made it once, can you do it again?
Now they pay you to get another win
Find inspiration out of the sky
They brought me back down when I didn't get it right

Gotta roll with, it keep on going
Gotta roll with, it keep on going
Gotta roll with, it keep on going now

Roll on
Roll on

Why do I lie when I'm telling the truth?
Nine out of then except a word or two
Started over to crack that code
Good thing I took that low, low road
