

## God Does

### The Red Clay Strays

Some days the devil baits a hook to see if I will bite  
A lot of times it feels like I just can't do right  
But I know that God does  
Well I know that God does

Some days waking up for me alone is such a chore  
Sometimes I don't have the strength to go on anymore  
But I know that God does  
Well I know that God does

Wherever I'm lacking  
It's He who makes me whole  
Shining through the darkness  
Cleaning out my soul  
While I'm fighting daily battles  
On Him I can depend  
When I open up my heart  
And let Him in

When the temperature is rising and patience wearing thin  
And I don't have what it takes to cool back down again  
But I know that God does  
I know that God does

When the rain just keeps on pouring and I can't see the road  
Even with a map sometimes I don't know where to go  
But I know that God does  
I know that God does

Wherever I'm lacking  
It's He who makes me whole  
Shining through the darkness  
Cleaning out my soul  
While I'm fighting daily battles  
On Him I can depend  
When I open up my heart  
And let Him in

When I lie awake at night fed up with myself  
And wonder if I'm good enough for me or someone else  
But I know that God does  
Well I know that God does
