

# You Get Me High

The Red Jumpsuit Apparatus

I don't need needles in my skin,  
To satisfy this grin,  
Oh all I'm craving is you  
I don't need powder in my nose,  
And thinking no one knows,  
Oh but you know they do

Oh, yes you know that they do  
Oh, yes you know that they do

You are the one who gets me high  
And helps me shine down on everyone I meet  
You are the one who gets me through  
And I'll always be true, to you as long as you are to me

My girl don't need a diamond ring,  
And many fancy things  
Oh to know my loving is true  
She can tell from the smile upon my face,  
That there is no other place  
That gets me higher it's true

Yeah, it gets me higher it's true  
Yeah, it gets me higher it's true

You are the one who gets me high  
And helps me shine down on everyone I meet  
You are the one who gets me through  
And I'll always be true, to you as long as you are to me

Oh, that gets me higher than you  
Yeah, nothing gets me higher than you

You are the one who gets me high  
And helps me shine down on everyone I meet  
You are the one who gets me through  
And I'll always be true, to you as long as you are to me

Oh, that gets me higher than you  
Oh, that gets me higher than you  
Yeah, nothing gets me higher than you
