Inflict decreation Unforgiving Annihilation I am fucking deicide A roar of a thousand empires condemned The blood of existence is on your hands A world drenched in agony I am the Armageddon to this Soiled existence With the strength of a thousand suns I will devour this flavorless dynasty Human life is a lie A disease The blood of the self-destructive Will be spilled to stain a reminder of our mistakes of the past Such a travesty to this world Human life is a lie A disease The blood of the self-destructive Will be spilled to stain a reminder Of our mistakes of the past Such a travesty to this world A burden to yourselves This was your destiny This is your decreation You deserve nothing more Than to be destroyed Execution Human life is a lie A disease The blood of the self-destructive Will be spilled to stain a reminder of our mistakes of the past Such a travesty to this world Human life is a lie A disease The blood of the self-destructive Will be spilled to stain a reminder of our mistakes of the past Such a travesty to this world Banish this world Of existence I watch humanity expire With the taste of eternal rest As i crush the last breath from life Silence pollutes the air The deed is done As i crush the last breath from life Silence pollutes the air The deed is done Banish this world Of existence I watch humanity expire With the taste of eternal rest Human life is a lie A disease The blood of the self-destructive Will be spilled to stain a reminder of our mistakes of the past Such a travesty to this world
